# . Welcome to the Türkiye Textile Machinery International Exhibition (TTM) 2025

The Türkiye Textile Machinery International Exhibition (TTM) 2025 is set to be the leading event for the global textile machinery industry. Held from September 10-12, 2025, at the prestigious Istanbul Exhibition Center, TTM brings together over 200 top-tier exhibitors showcasing the latest technologies and innovations in textile machinery. This strategic event is the perfect opportunity for industry professionals to explore cutting-edge products, network with key players, and discover new business opportunities.

Organized alongside \*Texhibition Istanbul 2025 - Fabric, Textile Accessories, and Yarn Fair\*, TTM benefits from the synergy of two major exhibitions happening simultaneously, offering unprecedented access to a wide range of potential business connections.

TTM

## . Exhibitor Fields

TTM 2025 covers a broad spectrum of textile machinery and technologies. Exhibitors will include manufacturers and suppliers in the following fields:

- 01 Weaving & Knitting Machinery
- 02 Spinning Equipment
- 03 Textile Dyeing & Finishing
- 04 Textile Printing Machines
- 05 Textile Testing & Quality Control Equipment
- 06 Automation & Robotics in Textile Manufacturing
- 07 Recycling & Sustainability Solutions in Textile Industry
- 08 Software and Digital Solutions for Textile Manufacturing
- 09 Nonwoven Machineries

Whether you're looking to source machinery, explore automation solutions, or keep up with the latest textile technology trends, TTM is the ultimate platform to meet your needs.

## . Organizer's Services

As part of our commitment to ensuring a successful experience for both exhibitors and visitors, TTM 2025 offers a wide range of services designed to facilitate business opportunities and maximize engagement:

. **B2B Lounge:** A dedicated area equipped with free coffee and drinks, fostering networking opportunities and helping exhibitors connect with potential clients and partners.

. **Matchmaking Services:** Our team will assist with personalized matchmaking to ensure you meet the right business contacts during the exhibition.

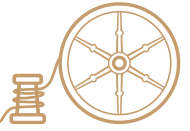

. **On-Site Support:** From exhibitor registration to booth setup and logistics, our team will provide full support to ensure your participation is smooth and hassle-free.

. **Marketing & Promotion:** We actively promote TTM 2025 through various channels to attract key decision-makers, international buyers, and industry professionals.

. **Networking Events:** Participate in special networking events to interact with global industry leaders and expand your business connections.

## . Türkiye's Textile Industry: A Hub of Innovation and Opportunity

Türkiye is one of the world's most prominent textile producers and exporters, boasting a long-standing history of excellence in the textile industry. The country is strategically located at the crossroads of Europe and Asia, providing a unique advantage in terms of access to key markets. Here are some key statistics and advantages that make Turkey a top destination for the textile machinery sector:

**Textile Production Hub:** Türkiye is the 6th largest textile exporter globally and the 3rd largest exporter to Europe, with a robust textile manufacturing ecosystem that includes spinning, weaving, knitting, dyeing, and finishing.

**Skilled Workforce:** The Turkish textile industry benefits from a highly skilled and cost-competitive workforce, contributing to the production of high-quality textiles and machinery.

**Innovative & Sustainable Practices:** Turkish manufacturers are increasingly adopting sustainable practices, including eco-friendly production methods and innovations in textile recycling, providing a competitive edge in global markets.

**Growing Investment:** The Turkish government has made substantial investments in the textile sector, supporting innovation and the modernization of the industry with incentives, grants, and tax breaks.

**Global Trade Access:** Türkiye's strategic location and membership in multiple free trade agreements with Europe, Asia, and the Middle East make it an ideal manufacturing and trading partner.

**Strong Domestic Market:** With a large and growing population, Türkiye offers a solid domestic market for textile products, ensuring consistent demand.

With its established infrastructure, skilled workforce, and access to global markets, Türkiye offers unparalleled opportunities for international businesses in the textile sector. TTM 2025 is your gateway to tapping into these opportunities and building relationships with key players in one of the world's leading textile markets.

## . About our Venue, Istanbul Expo Center (ifm)

Istanbul Expo Center

The Istanbul Exhibition Center is one of Türkiye's most modern and comprehensive exhibition venues, hosting large-scale international events. Its central location and easy access to Istanbul's transportation networks provide significant advantages for both exhibitors and visitors. The venue's proximity to Istanbul Airport and key city transit points makes attending the exhibition fast and convenient. With a spacious area, the Istanbul Exhibition Center is equipped with the necessary infrastructure to support large-scale events. Additionally, the venue offers modern facilities, ample parking space, catering services, and comfortable working areas, ensuring a pleasant experience for all attendees. The internationally recognized infrastructure of the Istanbul Exhibition Center provides the ideal setting for the Türkiye Textile Machinery International Exhibition (TTM), ensuring a seamless experience for exhibitors and visitors alike.
